Titanic Struggle Between Vast Armies In the Balance; Japan Opens Hostilities

MORALITY

In Government is to be Aim of Villa in Mexico

Desires the Moral Aid of American People In Fight He is Making.

ISSUES A STATEMENT

Regarding His Relations With Carranza, In Which He Says the Country Should Not Be Again Under Military Rule—Says He is Moral Champion.

(ASSOCIATED PRESS TELEGRAM) Chihuahua, Mexico, Aug. 24.—General Francisco Villa today issued a statement regarding his relations with the Carranza government at Mexico City. He said:

"I have no personal feeling in this matter against Carranza. This country should not again be under military government. The armies by our constitution are secondary to the constituted government and it is now time that the country should be governed by the people, for the people and not as heretofore, governed by a military clique whose only object is personal warfare and not the welfare of the masses."

"I desire the moral help of the American people in this political fight I am now waging. I consider myself the moral champion to procure by all honorable means for the down-trodden countrymen justice at the same time showing them their obligations toward law and order."

"There need be no alarm whatever regarding my standing in this matter. I desire the American people to understand once and for all that I shall now take the part of silent moral pressure on any government that may emanate; this pressure is not menacing by any means. I desire morality, the strictest morality in government."

"I desire that my country, in view of its past sufferings by military dictators, should on this auspicious occasion, inaugurate her government under civil authorities."

INTERESTED PERSONS FOMENTING TROUBLE, SAYS PRES. WILSON.

(ASSOCIATED PRESS TELEGRAM) Washington, Aug. 24.—President Wilson declared today that persons who would be benefited by American intervention in Mexico were seeking to stir up trouble between General Carranza and General Villa. He told callers his information showed that reports of a break between the two leaders were false.

Paul Fuller, a New York lawyer was brought forward today in official circles as President Wilson's probable choice for ambassador to Mexico when the government there is recognized.

Mr. and Mrs. Russell Galloway, who have been spending several months in Denver, in an effort to benefit Mrs. Galloway's health, will return to their home in Newark today.

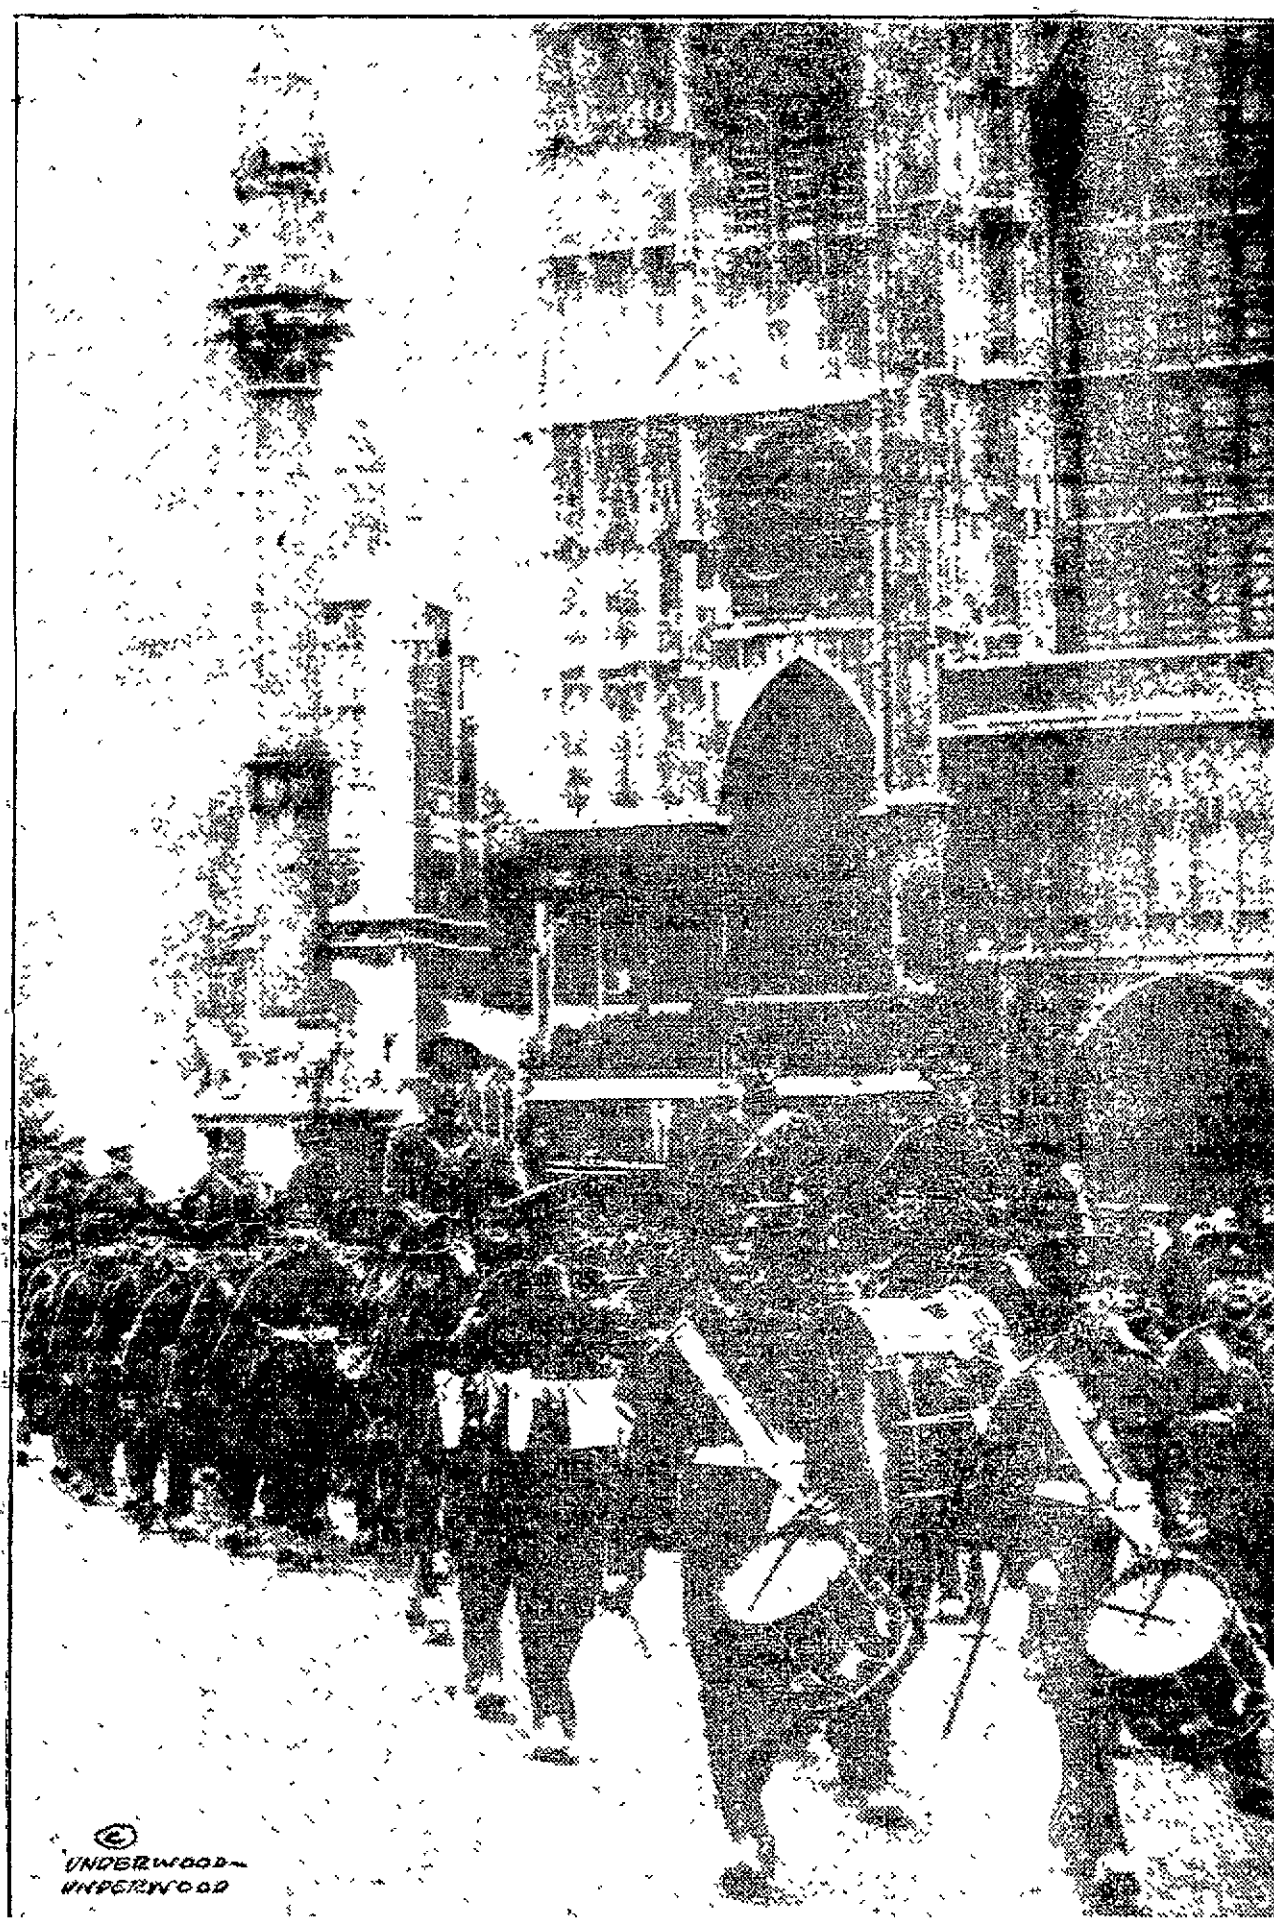

Germans' Heaviest Howitzers Are Again Bombarding Liege; Positions of Kaiser's Army

(ASSOCIATED PRESS TELEGRAM) London, Aug. 24.—12:05 p. m.—In a dispatch from Rotterdam the correspondent of the Daily Telegraph says that after many days of quiet, sounds of the vigorous bombardment of Liege reached the frontier near Maastricht on Sunday. They were heard for hours and indicated that the Germans were making a tremendous effort to clear this longstanding danger from their line of supply and that to this end they had brought their heaviest howitzers into action.

Fugitives report, the correspondent continues, that the Liege forts have caused great inconvenience to the Germans by destroying their pontoon bridges over the Meuse.

British Regiment Passing Westminster Abbey On Way to War.

With hands playing and colors flying, the first British regiment to be off to the Continent to help little Belgium hold off the mighty German army, marched past Westminster Abbey, the most famous church in England, on the way to Victoria station. Crowds lined the streets and cheered the soldiers. These men are now in the field in Belgium, for they were among the first 22,000 sent to the front. Since their arrival nothing has been heard of them because of the strict censorship on the movement of troops on the Continent.

Returning German Ambassador Confident His Country is Right and Will Triumph

(ASSOCIATED PRESS TELEGRAM) New York, Aug. 24.—Count Von Bernstorff, the German ambassador to the United States, returned to his post today, and gave out one of the most authoritative interviews yet expressed here on Germany's attitude toward the war. Germany was bound to win in the end, he said,

she was fighting because her cause was just. He predicted that Americans would come to regard the conflict in this light. Italy, he believed, would not permit herself to take sides against Germany.

"My wife is with the Red Cross at Munich," said Ambassador Von Bernstorff, "and my son is with the Emperor's guard. All my secretaries have gone to the front and I regret that I was not able to see active service myself. The German people will fight to a finish and will be victorious in the end."

"At the outbreak of the war," he continued, "the English cut the cable to this neutral country for the sole purpose of preventing the truth of coming here. There was no excuse for that act except to deceive the people of the United States as to the true conditions of the war. But, I believe, Americans will prove themselves fair enough to weigh carefully all the news that comes from English and French sources."

"The calling of the Japanese into a European quarrel shows one thing above all else. It is that England does not feel very safe. The Japanese will doubtless take Kiao Chow—Shanghai weight of numbers assured that. But by the end of the war Japan will have the supremacy."

Count Von Bernstorff left Berlin on Aug. 11. At that time he said, the German government had reports that not a Russian soldier had been left in Poland.

"I do not know what sort of government the Poles set up," he said, "nor do I vouch for the accuracy of the report. We were informed, however, that the Russian army proceeding against Germany was to strike through Russia north of Poland and invade east Prussia. This

appears to have been borne out by subsequent reports of the Russian invasion."

Cable dispatches from St. Petersburg two weeks ago stated that the Czar had promised autonomy to Poland in return for its support of the Russian arms.

LOCOMOTIVES FROM BELGIUM NOW IN PARIS

Brought to French Capital to Prevent Them Being Used by Germans.

(ASSOCIATED PRESS TELEGRAM) Paris, Aug. 24.—Three hundred locomotives from the railroads of Belgium were brought to Paris today to prevent their being used by the Germans.

A dispatch to the Havas agency from Ostend says that although the presence of Belgians is reported in many places the situation appears much better. Communication is being maintained as far as Alost, 13 miles northwest of Brussels.

A traveler who tried to return to Brussels got to Irombeck, 9 miles north of the capital where he reports Belgian cavalry had just annihilated a patrol of Belgians who were covering the passage of a body of German troops to Gamberghen, a village six miles northeast of Brussels. The traveler said that he saw the bodies of five Uhlans at the railway station.

SUFFRAGE

LIQUOR AND TAXATION WILL BE CENTER OF THREE CONVENTIONS' INTEREST.

Women Plan to Force Old Parties To Declare Themselves Licking's Delegates.

(ASSOCIATED PRESS TELEGRAM) Columbus, Aug. 24.—Democratic, Republican and Progressive leaders, who arrived here today in advance of tonight's meetings when final arrangements for the three state platform conventions tomorrow will be made, found interest in the convention centered in three questions—woman suffrage, liquor traffic and taxation.

All three state central committees at tonight's meetings will name campaign chairmen and secretaries and complete the appointment of executive committees. It is expected that W. L. Finley will be re-elected campaign manager for the Democrats. Edwin Jones of Jackson, will probably be named for that position by the Republicans. Walter F. Brown of Toledo, will lead the Progressives.

With Mrs. Harriet Taylor Upton, of Warren, Ohio, as their leader, delegations of suffrage workers have planned to appear before the resolutions committee of the Democratic and Republican conventions in an attempt to induce the committees to endorse woman suffrage. The Progressives have already declared in favor of woman suffrage.

Licking County's delegates to tomorrow's conventions are F. T. Mercer (D), F. E. Slabaugh (D), C. W. Montgomery (R), L. C. Russell (R), E. S. Randolph (R), Ned C. Sherburne (P).

STORM

IN CLEVELAND DOES GREAT DAMAGE TO SHIPPING AND COMMUNICATIONS.

Several Houses Struck by Lightning and a Fifty Foot Tower Collapses—One Man Hurt.

(ASSOCIATED PRESS TELEGRAM) Cleveland, Aug. 24.—Hundreds of men, including railway employees, ship owners, telegraph and telephone men were busy today endeavoring to repair damage done by the storm which broke over Cleveland and vicinity late yesterday, and with the exception of slight interruptions, lasted far into the night.

The storm was accompanied by heavy lightning and winds and torrents of rain.

Although no lives have been reported lost, one man, Milton McKenzie, a watchman, was badly injured when a fifty foot tower overlooking the Randall fair grounds, collapsed. There were several narrow escapes by crafts which were on the lake when the storm broke.

Life savers early today after cruising in the lake near Euclid beach, expressed the belief that the report circulated shortly after last midnight, that a steamer was in distress, was untrue.

Several houses, not far from the lake front, were struck by lightning, but the families that occupied them were absent for the day.

GERMAN COLUMNS SPEEDILY MARCH TOWARD SOUTH

(ASSOCIATED PRESS TELEGRAM) London, Aug. 24.—1:45 a. m.—The Ostend correspondent of the Daily Mail says that the German columns are marching southward toward Valenciennes on the Scheldt, 31 miles southeast of Lille, one proceeding by way of Ninove and Grammont and Lessines, Belgium, and the other going by way of Elal, Brinche-Comte and Mons, Belgium. They are moving with great speed.

Further southwest advanced parties have appeared and done damage successively at Thiel and Lichtervelde. It is suggested that this means a dash upon Roubaix, one of the wealthiest of French towns or upon Lille. In that case the movement toward Valenciennes probably will be an encircling one.

German Victories Over French Army and English Cavalry in Belgium Have Been Reported But Are Not Confirmed

AUSTRIA HAS ABANDONED CAMPAIGN AGAINST SERBIA

And is Now Devoting Her Attention to Withstanding the Onrush of the Czar's Troops, Who Have Invaded 50 Miles of the Frontier—Japan's Entrance Into the War Makes New Angle to Situation.

The great battle between the allied forces of England and France against the bulk of the invading German army, continued again today with no word as to whether a decisive result had been reached. Official information given out in London states that the British forces were engaged all day yesterday with the enemy in the neighborhood of Mons, Belgium. The English held their ground, according to an official statement.

The conflict between the allied forces and the Germans in Belgium extends along the complete line of contact, and the French embassy at London has received information that up to the present the battle has been without advantage to either side.

Reports were in circulation in Paris today that the Germans have occupied the unfortified town of Nancy, France.

The bombardment of Tsing Tau, China, by the Japanese fleet has begun, according to the Yantai, which published an extra edition in Tokio today. The message giving the news of the bombardment was passed by the navy department censor at Tokio.

The German troops, according to reports from Upper Alsace, are making another offensive movement against the French army which is occupying Muelhausen and vicinity.

The Russians, according to Paris reports, now occupy territory fifty miles wide on the German frontier.

A Vienna report filtering through Udine, Italy, says that the Austrians are about to abandon their operations against the Serbians on the Drina river in order to concentrate their forces against the Russian advance.

The agreement of Austria to dismantle her cruiser, the Kaiserine Elizabeth, now at Tsing Tau, has removed the danger of war between Japan and Austria, according to diplomatic information in Washington today.

The Standard Oil company, United States Steel corporation and the United Fruit company, have notified the government that their fleets will be put under the American flag.

Japanese war moves in the Far East are proceeding under sphinx-like silence of the officers of the army and navy. Communication between Japan and China has been severed for twenty-four hours and it is believed the cable between Shanghai and Nagasaki has been cut.

Count von Bernstorff, the German ambassador to the United States, arriving in New York today, denounced as false reports that the German crown prince, Frederick William, had been shot, either in the streets of Berlin or in the battle at Liege.

A dispatch to the Associated Press from Berlin by wireless telegraph has brought news of German victories over the French.

Official announcement is made in the German capital that a German army has defeated a French army at Neuchateau, capturing guns and prisoners, including several generals. The Germans are pursuing the French vigorously, in one case, beyond Longwy. Another German army (Continued on page 2, col. 1.)

Austria's Offensive Against Serbia Abandoned; Latter Answers With Prize List

AUSTRIA WILL NOW WAIT FOR RUSSIANS.

(Associated Press Telegram.) London, Aug. 24.—1:45 A. M.—According to the Times, Venice correspondent, the official telegraph agency in Venice publishes the following official notice on the Austro-Serbian conflict:

"On account of the Russian intervention in the Serbian war, Austria is forced to gather all its forces for the principal struggle in the northeast. Consequently the attack on Serbia is henceforth looked upon as a punitive expedition, and not as a definite war."

"The decision therefore has been reported to retire from the offensive and take up a waiting attitude, making a fresh attack when opportunity presents itself."

"The considerable losses sustained by Austria on the banks of the Drina are not surprising in view of the superiority of the numbers of the enemy and the fact that the latter are fighting for their existence."

SERBIA GIVES LIST OF CAPTURED SPOILS.

Nish, Serbia, Aug. 24.—Via London 11:25 A. M.—Serbia has issued a reply to the official communication on the Austro-Serbian situation issued at Vienna. After repeating the many points of the Austro note, the Serbian communication says:

"In order to put matters in their proper light, the official press bureau has been authorized to issue the following: 'The Serbian army captured from the enemy in the engagement on the Drina, spoils which up to the present time include the following items:

"Four thousand five hundred prisoners, fifty-three guns, eight howitzers, 114 caissons, three field ambulances and a medical column of supplies, 14 field kitchens, 15 ammunition, provision and telegraph wagons, railroad trains, quantities of equipment, regimental strong boxes, etc.'"

captured 150 French guns in the French department of Meurthe and Moselle.

The Germans are reported west of the river Meuse, advancing against Manbeuge. They have defeated an English brigade of cavalry.

England and France have agreed to loan Belgium \$50,000,000 each to help Belgium meet Germany's demands.

Commander in chief of the Russian army in an official statement says that battles in East Prussia on the 17th, 18th, 19th and 20th of August were fought with the utmost desperation. The Russian battle line extends for a distance of 26 miles. The Russian troops occupied Goldapp and Ayres. The retreat of the German army corps near Lyck resembled a rout.

Count Von Reut, German ambassador to Japan who was handed his passport Sunday will sail for America Aug. 27 or 29. Geo. W. Guthrie, American ambassador, will represent Germany's interests in Japan. The diet has been convoked in special session for Sept. 3.

The United States will care for Japan's interests in Germany during the war.

It is said that only 100 of 1,000 soldiers from Rostock returned alive from Liege.

The newspaper L'clair, Paris, says it has been learned that Aug. 27 has been fixed as the date upon which the general Italian mobilization will be ordered. It is possible that a declaration of war between Italy and Austria will soon be announced.

The governor of Kian Chau has issued a proclamation saying: "If the enemy wishes Tsing Tau he must come and take it. He will find us at our post. We look confidently into the future and are well prepared to receive the enemy."

The German emperor sent a message to the governor on Aug. 19, ordering him to defend Tsing Tau to the utmost.

BARBED WIRE CHARGED WITH ELECTRICITY

Responsible for Death of Front Ranks of Germans in Assaults At Liege.

(ASSOCIATED PRESS TELEGRAM)

Paris, Aug. 24.—9:30 a. m.—The Petit Journal publishes the following details of the fighting around Liege, obtained by it from a Belgian officer. "German troops rushed on the barbed wire defenses before the forts of Liege in the darkness of night. A very strong current of electricity was maintained in these wires and as a result the front ranks of the Germans were electrocuted. "Unchecked the assailants followed in masses, but they were blinded by the glare of powerful searchlights. They hesitated and started to retire. At that moment a heavy fire of rifles and artillery was concentrated on the mass of German troops and they were cut to pieces. The mass of bodies formed a mound, in some places, many feet high. "To drown out the groans of the wounded the German bugles sounded martial airs, and the troops still alive, united in cheering. "Near one fort two columns of German soldiers, blinded by the glare of Belgian searchlights attacked each other. This incident was seen from the fort. When one seemed to have the better of the struggle, the Belgian officers goes on to say, "our artillery fired into both sides alike, thus making the struggle more even."

NEUTRALITY OF UNITED STATES AGAIN ASSURED

(ASSOCIATED PRESS TELEGRAM)

Washington, Aug. 24.—Administration officials today were preparing a proclamation setting forth the neutrality of the United States during hostilities between Japan and Germany in the Far East. Lines of the proclamations issued after the several European powers declared war, were to be followed: Japan's entry into the list of warring nations was not unexpected in Washington, and the position of the United States had been outlined several days ago in a note by Secretary Bryan. It announced that the United States "noted with satisfaction" that Japan promised to main-

Count de Lasteyrie Leads French Cavalry; His Wife Joins the French Red Cross

Count Guy de Lasteyrie, who for several years was associated with the Holophane company while that company's headquarters was located in Newark, is at the head of his cavalry regiment in Alsace. His wife, Countess de Lasteyrie, who is the daughter of Mr. George Henry Warren of Newark, R. I., has written of her intentions to devote herself to Red Cross work in Paris.

This information is contained in a news dispatch from Newport where it was given out by the father of the countess.

Count de Lasteyrie, while here, told some of his intimate friends of his military experience with the French army. He was an officer located at one of the French possessions, where he served several years. He was retired because of an injury sustained while engaged in a steeple chase, when his horse fell and another rider's mount struck de Lasteyrie while he was prostrate on the ground.

He was one of the first of the French nobility to respond to the call to colors and his friends here have seen his service for his country will be brilliant. The dispatch dated at Newport is as follows:

Mr. George Henry Warren has received a letter from his daughter, Countess Guy de Lasteyrie, who is in Paris, saying that her husband is with the vanguard of the French army as cavalry officer, and that she intends to devote herself to Red Cross work in Paris. The exact whereabouts of the Count de Lasteyrie's regiment is shrouded in the mystery that surrounds the actions of the French army in the field, but it is believed he is experiencing active service in Alsace. The Count's brother also is at the front as an officer in the French army.

The head of the old French family of which Count de Lasteyrie and his brother are members, the Marquis de Lasteyrie, has gathered the other members of the family about him at the famous Chateau de La Grange, the historic home of his ancestor, Conte de Lafayette, in the department of Seine et Marne. Some member of the family has won distinction in all the great wars in which the Frich have figured in the past century and a half, including the American revolution.

Mylius CARPET CLEANER RUG WEAVER AWNING MAKER

BOSTON EVEN WITH GIANTS; IDLE SUNDAY

New York, Aug. 24.—Success finally has crowned the remarkable struggle of the Boston Braves to work to the top of the column in the National League race. Although Stallings' men did not play Sunday the champion New Yorks went into action with Cincinnati and lost their third straight game to the Reds. The Giants were but half a game ahead, and their defeat pulled them down to a tie with the Braves following first place.

George Stallings has made baseball history by his remarkable feat in bringing the Braves from the bottom of the list to the top. On July 15, only a little more than a month ago, the Boston were in last place. They already had begun their sensational spurt, however, and the close of the following week found them in fourth place. The rise during the late July and August was rapid. Ten days ago they gave the Giants a stunning blow by beating them three straight on the champion's home grounds. McGraw's men have been slipping steadily ever since, while Boston has been tearing along over the Western course in championship form.

The week just ended capped the climax of Giant retrogression, the leaders dropping two out of three games in Pittsburgh and then two to the Reds, following this up by taking a beating from Herzog's men in the third game of the series Sunday.

Boston, instead of going to pieces, as other challenging teams have done in sequels to the season's earlier bursts of speed by pennant contenders, kept on playing high-class ball during the week and lost only two games in seven, one an extra inning struggle with the Pirates.

If the Giants, with their pitching corps demoralized and in the midst of a batting slump, do not take a brace soon they bid fair to be passed not only by the Boston, but by either St. Louis or Chicago—perhaps by both. Each of these Western teams is playing good ball and is close up.

The American league race still is exclusively an affair of the Philadelphia world's champions. The Boston have closed up slightly, but still are nearly 100 points in the rear.

STATE EXHIBITS STRONG FEATURE OF STATE FAIR

Almost every branch of the state government will have an exhibit at the State Fair.

This is for the purpose of giving Ohio people a chance to know more about Ohio.

The Fish and Game exhibit, in charge of General John C. Speaks, will be the first of its kind in Ohio.

The Good Health Exhibit will undoubtedly be the means of saving and prolonging many lives, by the hints to health that it will give.

The Great Wooster Experiment Station Exhibit will in itself be worth a trip to Columbus.

The mammoth display of the Dairy and Food Department will be worth all the cost of seeing the Fair.

The Good Roads Building will interest every citizen of the State.

The other Official State Exhibits will likewise be worth while.

DISORDERS OF THE INTESTINES

Were Overcome By the Action of Nerv-Worth in a Case Reported From Zanesville.

Most persons on a first hearing about Nerv-Worth's power to do away with the growing out of nervous debility are surprised when told that it is excellent for some disorders of the bowels. That such a remedy exists has been proven in many cases, one of which came to light through the statement of a well known Zanesville man, made a day or so ago. Said this gentleman:

"For more than 20 years my wife has had more or less intestinal indigestion, which often caused sleeplessness. I got her a bottle of Nerv-Worth about 10 days ago for certain purely nervous disorders. While taking the first bottle there was a single recurrence of the intestinal ailment and her sleeplessness almost vanished."

Hundreds of persons suffering with indigestion proper have secured for their stomachs the same results that were yielded for the intestines in the Zanesville case. One of Nerv-Worth's first effects is the toning up of the nerves of the stomach and the improvement of digestion. This gives the betterment of the nervous system a great send-off, for so much depends on the stomach. Nerv-Worth begins at the right spot.

Nerv-Worth is sold at the T. J. Evans drug store, Warden Hotel building. See the Nerv-Worth specialist there. Ask him for a free sample dose. The remedy is guaranteed.—Adv.

WRITER BLAMES GERMAN PEOPLE NOT THE EMPEROR

(Associated Press Telegram)

Paris, Aug. 24.—6 a. m.—Abbe Wetter, a former member of the Reichstag from Alsace, writing for a morning newspaper, says it is a mistake to believe that the war was the work of either Emperor William or German officials.

"It is," he says, "the will of the people of every degree who have been made to believe that the Germanic race is superior to all others and ought to dominate the universe. The emperor would have compromised his crown if he had tried to resist the popular movement."

If General Sherman could now speak there is no reason to believe that he would revise his definition of war.

If there was some way to get what the European censors have "blue penciled" in the past four weeks what a thrilling story could be written.

Think of it! Here's a campaign just starting and all the newspaper space taken up with matters pertaining to the War of 1914. Even T. R. is crowded off the first page.

Since each of the European countries now engaged in mortal conflict has disclaimed responsibility for the present war a Chicago man suggests that it be called "Nobody's War." If anybody has suggested a better name than the War of 1914 we haven't seen it.

It has been only a few weeks since American jingoes were urging war with Mexico because of American business interests south of the Rio Grande but even the jingoes themselves can now see what war is doing to the business interests of Europe. The President's policy of "watchful waiting" was certainly right.

Though the battle of Waterloo was fought on June 15, 1815, the news of the battle did not reach America for seven weeks when copies of Paris newspapers giving accounts of the conflict reached Boston. People nowadays accustomed to quick action, are impatient at the newspapers' inability to print details of every movement upon the day it occurs. The newspapers are willing and anxious to do so but the European censors have decreed otherwise and only such reports as they see fit to allow on the cables are given to the American press.

ests may decide. History is full of these swingings of the pendulum.

For centuries the French and the English peoples regarded one another as "natural enemies." Now they are allies, fighting side by side. Germany and England were long "traditional friends." Now they are at war, and may become "traditional enemies."

Not many years ago the Russian and British governments regarded each other's every move with suspicion. Now they are acting together. Japan and Russia were at each other's throats within a decade. Now they are essentially allies.

France was our first "friend" among nations. Not because Frenchmen in mass loved us, but we stood for some Frenchmen's ideals of liberty—and were fighting England! And within twenty years we were actually, though not nominally, at war with France.

Germany, Austria and Italy were "allied" for many years. Yet when Austria and Germany went to war the other day Italy did not join them. Why? As Italians saw it, Italy's interest was to stay out of the war rather than go in. And the "alliance" was forgotten.

Nations cannot have "friends" as individuals can, because their action cannot be disinterested. George Washington told the plain truth when he said: "Disinterested friendship between nations is impossible." By keeping that truth in mind we shall save ourselves rude awakenings from pleasing dreams.

Pointed Observations

Don't worry. War or no war, freight rates or no freight rates, tariff or no tariff, baseball or no baseball, grape juice or champagne—the farmer is still on the job. Don't forget him.—Furniture Journal.

Some of the best race horses in France are to be ridden by high officers of the French army—which may turn out to be mighty convenient in case of a pursuit, or a retreat.—Indianapolis News.

The Japanese are surprised at the tone of the American newspapers with regard to the Kiao-Chow ultimatum. Honors are even, however, as the American newspapers were surprised that Japan should mix in with a fight which did not concern it.—Pittsburg Gazette Times.

Huerta in London, with no boulevard lights and glitter to lure him to Paris, has reason to regret the untimely circumstances of his exile.—New York World.

By the Way

Nothing much happens. When a man has breakfast a quarter of an hour earlier than usual, it becomes a matter of such unusual, to him, that he talks about it all day.

The Eph Wileys were looking for a house "within easy walking distance." They inspected one property so described. "It would have been within easy walking distance 40 years ago," said Mr. Wiley, who is 58. "But it is too far out now."

"He is the sort of a fellow," said Buck Kilby yesterday, "who is proud of the fact that he can wear his wife's shoes."

A small town is one in which a ball player in the uniform of a visiting team is considered a criminal and an enemy to his country's flag.

Nearly every man and every woman born south of a line running east and west through Keokuk, Iowa, claims to belong to a fine old southern family.

So long as there are people who wish to communicate with the departed, there will be mediums, who make a business of transmitting such messages.

When a burglar wishes to rob a house he picks out one on which the porch light is burning. When a burglar sees a porch light burning after midnight he knows the woman of the house is there alone.

ROAST BEEF.

How pleasing is the juicy roast—old England's bulwark and her boast, on which her sons grew strong!—well done or rare, as you may choose. It builds up bones and strengthens the system. I praise it all day long. A chicken, now and then is good, although when old it tastes like wood and woolen grub; is bad; but when too oft this bird is sprung—'ere it's succulent and young, it makes the eater mad. The turkey, at Thanksgiving dished, is that for which we long have wished, but when at four successive meals it has been dished, fellow feels like uttering some scream. And thus it is with goose and fish and early every other dish that's of the fleshy kind; served now and then they're simply great, but, served too oft, they agitate the patient's soul and mind. But good roast beef is always fine; I place it in this frame of mine, and hate to pause or stop; and when I've chewed a juicy slice I sound my war whoop once or twice and go and whip a cop.

Luke McLuke

(Cincinnati Enquirer.)

You can't blame a girl for putting on airs this summer. She has to put something on.

At 16 she is certain that some Knight will come along and carry her to his 200-room estate. At 26 she is trying to snare some boob into marrying her and installing her in a two-room flat.

Many a married woman gets scorched by foolishly fooling around with old flames.

The old-fashioned man who used to burn midnight oil studying books now

has a son who burns midnight gasoline studying girls.

With the fashions of 1880 coming back into style again, there may come a time when the Oldest Inhabitant will hold a crowd of men spellbound when he tells them of the sights a man could see on a sunny day away back in 1914. And the man will go away believing that the Oldest Inhabitant is an Unmitigated Liar.

This fad of going hatless at night is all right in some ways when a woman has her own hair. But some of the females go out wearing a mess of stuff that looks like an old-time bird nest and expect men to regard it as a Crowning Glory.

Some of the girls are going the limit. The skirts contain more slash than material and the waists contain more holes than goods. Anyway, I'm glad I am not blind.

Country Can't Dodge Prosperity if It Tries

By JOHN V. FARWELL, Dry Goods Merchant

THE biggest crops of all kinds for years are reported by traveling men. The railroads have arranged to handle the produce as fast as it is delivered. Our markets are waiting to receive the shipments, and the bankers are anxious to get their reserve cash into circulation. With these potential factors at work the COUNTRY CAN'T DODGE PROSPERITY if it tries.

THE DEPRESSION OF THE SUMMER HAS BEEN DUE TO LACK OF CONFIDENCE ON THE PART OF CAPITAL. MUCH MONEY WENT INTO HIDING TO AWAIT DEVELOPMENTS. WHATEVER APPREHENSION WAS FELT, HOWEVER, HAS BEEN SET AT REST BY THE BUMPER CROPS. THE NEXT MOVE IS THE DISTRIBUTION OF PRODUCTS AND MONEY.

Spirit of the Press

Hero of Peace.

The Chicago correspondent of the Philadelphia Ledger quotes an unnamed Republican as saying that "the man at the head of the nation who so manages affairs as to avoid controversies with other powers is a hero to all the people, irrespective of what he has done under other circumstances." He believes that President Wilson, by his policy of "watchful waiting" in the case of Mexico has made a multitude of friends and admirers and that he will make more by avoiding any trouble with Japan. "Such a course," he says, "will appeal to every man in every party, and it will particularly appeal to the women." It would not be easy to number those whose sentiments are thus voiced. It is a great service that the president is rendering, and he should have an unhesitating support.—Columbus Sunday Dispatch.

T. R. for President.

The Philadelphia Inquirer remarks that "there seems to be a growing movement upon the part of the Colonel to nominate Theodore Roosevelt for president in 1916." Just now the country over there's too strong a peace nation for such a movement to gain headway.—Youngstown Vindicator.

What Failure Means.

Count Witte says cheerfully that the war will last two or three months. Lord Kitchener says 18. Stephen Pichon, French editor, says it will be a long war. It all depends upon the rate at which the men can be killed. Between France and Germany it is actually a struggle for national existence. Between England and Germany it is hardly less than that. Austria has got to win or go to pieces. There has been no war in modern times where nations were engaged not merely in trying to overcome each other, but to annihilate each other.—Philadelphia Record.

Probably Burned Fingers.

"So your husband kept house and cooked his own meals while you were away. Did he enjoy it?" "He says he did, but I notice that the parrot has learned to swear during my absence."—Boston Transcript.

What Makes a Happy Home

Just about the finest thing in this world, is a truly happy home, with father spending his evenings at home in peaceful contentment, or taking his wife and the children out for a good time. And the children finding the home with father and mother there, a true haven of happiness from the time they are little long after they are grown up.

While Thrift alone will not make such a home, it is a vital element in it. Content and extravagance cannot live in the same house.

This Association helps to make happy homes, by helping people to save and be thrifty and by assisting those who wish to express the home spirit in a house which shall be their own.

GOV. COX'S DAUGHTER
HOME FROM EUROPE
Columbus, Aug. 24.—Miss Helen
Cox, daughter of Governor Cox, re-
turned home today from a trip
abroad. She came across the ocean
on the St. Louis which docked in
New York Sunday. Miss Cox began
the homeward voyage in the steer-
age but on the second day out ob-
tained a room in the upper cabin.

FIGHTING DISEASE GERMS

There is a popular idea that most sick-
ness is caused by a germ of the disease
finding entrance to our bodies through
the food we eat, the water or milk we
drink or the air we breathe. This is true
as far as it goes but it is also true that
disease germs are entering our bodies
every day without causing disease.

The reason for this is that there are
forces within the body that are constan-
tly fighting these disease germs and it is
only when this defence is weakened that
the germs get the upper hand and we be-
come ill. One of the most powerful of
these forces that work for health is rich,
red blood. Good, healthy blood increases
the resistance of the body to the dis-
eases that are always threatening. It
is easier to keep up this resistance by
taking Dr. Williams' Pink Pills, eating
proper food, avoiding articles of food
that do not agree with us and getting
plenty of fresh air day and night, than
it is to cure disease after it gets a foot-
hold. Keep up the resistance of your
body to disease by these tonic pills, which
you can get at any drug store, and you
will avoid much sickness.

Two booklets, "Building Up the Blood"
and "What to Eat and How to Eat,"
will be sent free by the Dr. Williams
Medicine Co., Schenectady, N. Y.

MAKING READY
FIRST SHIP TO
FLY U. S. FLAG

Within a Few Days Other Foreign
Vessels Will Take American
Registry.

(ASSOCIATED PRESS TELEGRAM)
New York, Aug. 24.—The Oceana,
owned by the Delaware-Hudson
Steamship company which is being
made ready to sail on Saturday for
Genoa will probably be the first for-
eign steamship to fly the American
flag. She will be placed under
American registry, possibly today,
according to her owners. The Oce-
ana for a time plied between Ber-
muda and this port.

In addition to the Oceana, two
steamers owned by W. R. Grace and
Company will be placed under Amer-
ican registry within the next few
days, and it is also expected that
within the next few days several ves-
sels of the United Fruit company
will sail under American flags.

Readers' View Point

The Advocate assumes no respon-
sibility for the opinions expressed in
the column headed "Readers' View-
point." Communications from our
readers should be short, plainly
written and should be signed. If
it is so requested. These communi-
cations should be upon subjects in
which there is general interest and
they must be free from abuse or ex-
traneous statements that tend to
provoke controversy.

Convention Platforms.
Editor Advocate.—Not for all the
kingdoms of this world and all the
glory of them would I undertake to
write the platforms of the three po-
litical parties who are to hold their
state conventions in Columbus this
week; nevertheless I would fain of-
fer a few pointers in reference to
their platforms:

In the first place they should all
express their high appreciation of
the service that President Wilson has
rendered the country by the patience
and firmness and exceeding great
wisdom and discretion which he has
exercised in dealing with the Mexi-
can question, in such a manner as to
maintain the Monroe doctrine and at
the same time avoid war and com-
mand the full respect and confidence
of both European and South Ameri-
can governments, all done without
forfeiting the good will of the Mexi-
can people.

It would not be amiss, also, for
them all to thank the Wilson admin-
istration for the new currency law
and pledge their support in carrying
it into effect.

If it pleases our Republican and
Bull Moose friends to repeat their
prophecies of financial disaster on ac-
count of the tariff reductions and re-
quire their various candidates and
party organs to pronounce the shib-
boleth of "protection" in the ears of
the people without lisping or stam-
mering, let it be so recorded; but if
they are wise in their generation,
they will realize that the tariff issue
has been placed on the scrap heap—
if I may use so classic a phrase—as
far as the public interest is concern-
ed. These wise party leaders will
surely see that the people are not
anxious at this time for a tariff law
that will increase the present prices
of breadstuffs and other commodi-
ties or increase the power of our
great trusts and corporations.

Neither are the people likely to
enthusias over the proposition of ship
subsidies, direct or indirect.

Concerning woman suffrage it
matters little what these party con-
ventions may resolve or fail to re-
solve; for woman suffrage will sur-
vive, either this year or next
year, whether party leaders are wily
or silly—that the Scripture might be
fulfilled, which saith, "It is not good
that the man should be alone, I will
make him an helpmeet for him."

Theatres

Orpheum Tonight.
Do not miss the all star cyclic
vaudeville show at the Orpheum to-
night. This show embraces
four vaudeville acts that are very
good and each act is a feature in
itself. The management of the Or-
pheum has gone to a great deal of
expense in securing this attraction
and it is hoped that the show will
please.

These acts have played other
towns to capacity audiences and un-

less all indications fall this show
should be a big hit in Newark.

Matinee daily at 2:15 and evening
performances at 7:30 and 9:30.

Auditorium Tonight.

An excellent program of high-class
photo-plays at the Auditorium the-
ater tonight.

"Kate Waters of the Secret Ser-
vice" a Powers two-reel feature
photo-drama in two parts. This
film is one of the strongest films
ever produced. The action is fast
and interesting and the plot is un-
folded to you in a very unusual man-
ner.

"Universal Boy, Series No. 2,"

featuring little Matty, everyone's
favorite boy actor. He meets in this
film many notables including Ex-
Pres. Roosevelt, Oscar Oldfield and
breaking into vaudeville with some
wonderful imitations.

"Troublesome Pets" a Sterling
farce comedy. This comedy is fast
and furious and a film that is sure
to please you.

Auditorium Vaudeville.

The Auditorium theater opens
with high class vaudeville on Thurs-
day matinee and continuing through
Saturday matinee daily at 2:30 and
evening performances at 7:30 and
9:00.

The bill that opens this popular
play-house is an extraordinary bill
of five big vaudeville acts. The man-
agement has made an extra effort to
procure a strong bill. Should the
attendance at these shows justify
vaudeville and big attractions and a
few of the best stock companies and
will be the policy at the Auditorium
theater this season.

If Newark theater-goers really ap-
preciate good vaudeville, they will
have their opportunity to prove it
and at the same time they will af-
ford themselves an opportunity to
have a season of high class vaude-
ville at popular admission prices.

The Kilties, bounding wire artists,
are indeed very pleasing entertain-
ers. Their act is a distinct novelty
and an act that is sure to please you.

The Kilties are a big time act and
they have played nearly all the big
houses in the United States and their
act has always made a big hit.

Dickinson and Floyd, comedy sing-
ing and talking, are a pleasing cou-
ple and their efforts are sure to be
appreciated by the people of New-
ark. Their act is out of the ordinary
and they are sure to please, enter-
tain and help you spend a very pleas-
ant evening.

Will H. Roberts and Co., comedy
sketch, have an extremely funny act.
Mr. Roberts has long been one of the
best comedy characters. Immer-
sation on the vaudeville stage and in
this sketch he and his company ap-
pear to an advantage. This sketch
has been a big hit in all the bigger
theaters of the United States and
this is the first best ever produced
for any vaudeville stage and this
will be the first opportunity that the
theater goers of Newark have ever
had of seeing this act.

Beeslehub, comedy imitations, as
a clever performer and in his line
of entertaining he has very few
equals and no superiors. His act
must be seen to be appreciated.

Guy M. Dailey, the Water King,
and his company of swimmers and
divers, is one of the novelties on
the vaudeville stage. Mr. Dailey and
his company are to be the feature
act on this remarkably strong pro-
gram of high class vaudeville acts.

Mr. Dailey will be remembered by
Newark people as the man who cre-
ated such a sensation by his wonder-
ful work as swimmer and diver at
the Auditorium theater about four
years ago, when this theater was
playing Keith act.

This bill of high class vaude-
ville acts is without a doubt the
very best that has ever appeared in
Newark. It is hoped that the peo-
ple of Newark will appreciate the
effort of the management of the Au-
ditorium theater in its attempt to
find a line of amusement and enter-
tainment that will meet the approval
of the Newark theater goers.

Matinee daily at 2:30 and evening
performances at 7:30 and 9:00.
Admission, matinee 10 cents, even-
ing, 10, 20 and 25 cents.

Do not miss the great show if
you really enjoy good vaudeville.
The seats for the evening perfor-
mances are to be reserved and to
assure yourself of good seats you
should order your seats in advance.

If the Newark people want good
vaudeville and at popular prices, now
is their chance to prove it by their
attendance.

APPROVAL

OF WAR EXPRESSED IN TOKIO AND ANY MALFEASANCE OF GERMANS DEPRECIATED

Ladies Patriotic Society of Japan Will Provide for Families of Absent Soldiers.

(ASSOCIATED PRESS TELEGRAM)
Tokio, Aug. 24.—12:45 P. M.—Unanimous approval of the war, which is calmly discussed, summarizes public opinion. The newspapers express regret over the necessity of hostilities with Germany and urge the public to refrain from exhibiting resentment toward the Germans in Japan.

They print messages of cheer for the army and navy who they hope will be quickly victorious. An imperial messenger went to the shores of Isles to inform the spirits of the Imperial ancestors of Japan's declaration of war. It is announced that a flock of white doves descended on the roof of the imperial sanctuary at the moment of the expiration of the ultimatum to Germany and this is accepted as an omen of speedy victory. The Ladies Patriotic Association, which has a membership of 100,000 is sending to the volunteer nurses, comfort packages for the soldiers and will provide for the families of those who have been called to the service. The Red Cross Society is equipping a hospital ship.

DEMONSTRATION BY SUFFRAGISTS AGAINST WAR

New York, Aug. 24.—New York suffragists are planning a demonstration against war to take the form of a parade on Aug. 27. It is designed to bring into the strong contrast the idea of the rule of force as exemplified in the present European butchery, and the conception of government by right, on which they say, the cause of equal suffrage rests. Some of the figures collected by the women as the basis of their floats and insignia are impressive. They have found out that out of every \$100 collected in the ordinary income of the United States, \$70 is spent for war and only \$30 for the agencies of peace. The yearly cost of maintaining the army and navy of the United States is greater than the endowments of all the universities in the world. This cost amounts to \$850,000,000 per day. The present European war is costing \$50,000,000 a day, say the women, and they point out that one day's expenditure for the work of killing and maiming would make tuberculosis as scarce as smallpox within a generation.

Granville

(Special to The Advocate)

Granville, Ohio, Aug. 24.—Miss Clark, matron of the Fanny Doane Home for Missionaries' Children, has returned from a visit to Boston and other eastern cities. During her vacation she spent several weeks at Chautauqua where she took a course in institutional work under Miss Barrows of Columbia University, one of the most eminent women in the country in her line. Miss Clark was pleased to note that Miss Barrows' assistant is Miss Madeline Auten, a former Sheppardson student, known to many Granville and Newark people.

Mrs. Joseph Lloyd, with her infant son, is visiting at the home of her father, Mr. A. C. Grandstaff in College street. Rev. G. M. Beers occupied the pulpit at the Baptist church yesterday and preached a forceful rousing sermon. Miss McKibben presided at the organ; Miss Laura Lowe sang the offertory, "Come Unto Me," and Kenneth Ullman gave the benediction solo in the anthem, "Incline Thine Ear."

The Christian Endeavor society and the Baptist Young People's Union held a joint meeting in the Presbyterian church last evening at 6 o'clock with Miss Lena Ramsdorn as leader.

Mr. and Mrs. E. A. Deeds of Dayton were Granville visitors Saturday.

Many Granville friends of Miss Elizabeth Benedict, one of the most popular teachers in Denison Conservatory, have received the following announcements:

Mrs. Theodore Morrison Benedict announces the marriage of her daughter Elizabeth to

Mr. Clyde Burdick Newton on Thursday the twentieth of August nineteen hundred and fourteen. Grand Rapids, Michigan.

Mr. and Mrs. Newton will be at home after October 1st at Bowling Green, Ohio.

Prof. and Mrs. C. D. Coons and little daughter Jane Ellen, who have spent two months in Wisconsin, have returned to their home in South Pearl street.

Mr. and Mrs. Albert Guckert have returned from a two weeks' automobile trip through Pennsylvania and Maryland.

Mr. Wayland Marlow, factory superintendent of the National Biscuit company of Niagara Falls, who has been visiting his mother, Mrs. Louisa Marlow for the past two weeks has returned home, accompanied by his wife and little son. He made the trip in his touring car.

Miss Mollie Jones is visiting her brother and sister-in-law, Mr. and Mrs. J. S. Jones.

Mrs. Belle Wright has gone to Chicago, where she will meet her nephew, Dr. George A. Dorsey, and accompany him to Los Angeles, the first stage of his journey to Japan. While in Los Angeles, Mrs. Wright will be the

HONOR

OF BELGIAN PEOPLE FOREVER STAINED BY THEIR TREATMENT OF GERMANS

This View Is Expressed in Justification of War Fines Levied Upon Cities.

(ASSOCIATED PRESS TELEGRAM)
London, Aug. 24.—4:50 A. M.—The Daily Mail's Rotterdam correspondents quote an article from the Cologne Gazette in justification of the fines levied on Brussels and Liege as follows: "The war tribute is a punishment for the bad treatment of Germans by Belgium two weeks ago when innocent Germans at Brussels were handed over to the tender mercies of the mob."

"What happened there will ever be a stain on the honor of the Belgian people. We deliberated as to what would be fitting retribution and it seems that to punish is impracticable except by legal process. Another measure possible is a war tax allowed by the laws of nations."

"She must suffer all the burdens allowed by the legal right of law, such as quartering troops and furnishing supplies, until all her resources are exhausted so that the citizens can feel personally that hunting defenseless women is different from having an enemy in their own homes."

"The legal punishment for the offenses of the Belgians will be imposed as fully as allowed by law."

1915 REUNION OF BEENEY FAMILY AT NEWARK PARK

The sixth annual reunion of the Beene family was held at the residence of James Beene, one and one-half miles north of Mt. Vernon, Thursday. A large number of relatives and friends were present. At noon dinner was served on the lawn. Addresses followed by the Rev. O. E. Ford, Prof. S. L. Beene of Newark and W. M. Beene of Richmond. Music and games furnished a very interesting program. The next reunion will be held at Mountbuilders' park, Newark, the third Thursday in August, 1915.

B. G. DAWES WAS BIG CONTRIBUTOR TO COLE'S FUND

(ASSOCIATED PRESS TELEGRAM)
Columbus, Aug. 24.—Ralph D. Cole, of Findlay, Republican candidate for United States senator who lost to Warren G. Harding of Marion, spent \$2,000 in the primary campaign according to his statement filed with the secretary of state today. Mr. Cole himself spent slightly more than \$700, the remainder of the \$2,350.60 being contributed by friends. B. G. Dawes, former Marietta congressman and a former resident of Newark gave \$1,995 to Cole's campaign fund.

Former Senator Joseph B. Foraker spent \$4,775 in his unsuccessful race for the Republican nomination for United States senator. Mr. Foraker's report as filed with the secretary of state shows that he furnished his own campaign fund as no other contributors were named. Mr. Foraker's expenses were confined principally to newspaper advertising and other publicity work.

GOOD ROADS DAY AT STATE FAIR; GREAT PAGEANT

For the first time, and at the cost of many thousands of dollars, a Good Roads Day will be on the program of the Ohio State Fair. A mammoth pageant showing all the old time ways of travel, from the camel down to the latest invention of man, will be given four days during the Fair. The State Highway Department, under direction of Commissioner Markert, will have this in charge. This pageant will require over one mile of wagons, autos, and old time vehicles of all descriptions, showing the evolution of transportation.

CONFIRMATION CLASSES.

The Rt. Rev. J. J. Hartley, bishop of Columbus has announced that he will confer the Sacrament of Confirmation in St. Francis de Sales church on Sunday afternoon at three o'clock September 6th. Classes are held every morning in the school rooms from 8:30 to 9:30 and 1 to 2 p. m. and in the evening in the church, for those who cannot attend morning sessions, at seven o'clock. The rector is aided by the Dominican Sisters in the morning and the evening instructions are largely devoted to adults and converts who are receiving lectures suitable to their needs. WOUNDED JOKE ABOUT INJURIES; WANT TO RETURN

Vichy, Via Paris, Aug. 24.—6:05 A. M.—The President Palace and all the hotels have been converted into hospitals and are now filled with wounded. All branches of the service are represented, the patients including artillerymen, infantrymen, chasseurs, dragons and Hussars. They are a cheerful lot of men who have been carried from the fighting line and delight to tell stories of the battlefield. Many make light of their wounds, joke about their experiences and all are said to be anxious to go back to the field.

What's in a name? The girls named Rose and Violet and Lily may not have a cent.

ADVENTISTS MAKE APPEAL WORLD WIDE

TO RAISE FUND TO ALLEVIATE SUFFERING OF EUROPEAN MOTHERS AND CHILDREN

Mt. Vernon Conference Subscribes Over \$11,000 Toward an Emergency Fund.

(ASSOCIATED PRESS TELEGRAM)
Mt. Vernon, O., Aug. 24.—Resolving to do the appeal to help alleviate the suffering of the mothers and children in Europe who are affected by the war, the members of the Ohio conference of Seventh Day Adventists attending the annual encampment here today subscribed \$11,170 toward the emergency fund. Last week a letter was read to the campers from Elder L. R. Conradi, of Hamburg, Germany, superintendent of the Adventists' denomination throughout Europe, stating that more than two thousand ministers, reporters, bible teachers and other workers connected with the denomination had been summoned to arms and that as a result of this order suffering would follow in their homes.

The general conference, the world organization of the denomination, immediately sent an appeal broadcast throughout denominational ranks in North America calling for contribution in order to assist in the relief of those connected with the church in the stricken countries and also the missionaries in various parts of Africa, and the islands of European waters, whose support has also been cut off from the European division.
